Easter is celebrated to mark the day that Christians believe Jesus Christ was resurrected. It is not a fixed holiday, though. In 325 AD, a religious council said that Easter would be celebrated on the Sunday after the first full moon following the spring equinox. Since the spring equinox is on March 21, Easter can be anywhere between March 22 and April 25.

While most Christians celebrate Easter by attending a special religious service, there are other traditions. One of the most well-known is the Easter Bunny. Legend says that the Easter Bunny hides dyed eggs in the homes of children. When the kids wake up, they hunt for the colorful eggs. This custom is at least 400 years old. Nowadays, “Easter egg” also has another meaning. Some authors, game designers, and filmmakers put hidden messages—Easter eggs—in their products for fans to find.

Another great Easter tradition involving eggs is the Easter Egg Roll. Off and on since 1814, children have been invited to the White House lawn on Easter for a very special race. In it, children use spoons with long handles to roll dyed Easter eggs from one side of the lawn to the other.

As with many holidays, people from different parts of the world have put their own spin on Easter. In Sweden, little girls dress up as witches and go from house to house asking for treats. In New York, a costumed, rowdy parade takes place. And in Bermuda, people fly kites of all shapes and sizes to represent Jesus rising to Heaven.

you celebrate with prayers, bunnies, or kites, Easter offers a great chance to get outside. After all, spring and new life are all around.

Is there a time when a person stops being a child and becomes an adult? Is it the same in every country? In fact, different countries often have very different laws when it comes to being a child and being an adult.

Some cultures do something special to show the change from child to adult. They do these special things to tell everyone that the child is now an adult and can do what adults usually do. Jewish boys and girls have a big party when they become thirteen. Another is coming-of-age day in Japan for young people who turn twenty*. These are fun parties.

However, in some cultures, coming of age can be difficult. On Pentecost Island in Vanuatu, young men must jump from a high place they are tied to by their feet. In one place in Brazil, twelve-year-old boys must have their hands covered by angry ants for ten minutes.

How children and adults are treated can also be very different from place to place. Sixteen-year-olds can vote in Cuba and Nicaragua, but in Singapore and Saudi Arabia, they must wait until they are twenty-one. The laws for drinking, smoking, and driving cars can also be different. In many European countries, the drinking age is sixteen and the driving age is eighteen. In Canada, it is the other way around: the drinking age is eighteen or nineteen, but people can drive at .

Different ideas about children and adults create interesting questions. If you go to another country, which culture should you follow?
